Dear Mr./Ms. <First Name Last Name>

Greetings!

As an accomplished executive-level manager with 11 years of experience driving top-performing Operations teams, I possess a unique combination of talent and expertise that will allow me to positively impact your bottom line. As your <Position Name>, I would be positioned to leverage a strong record of identifying and seizing opportunities to ensure immediate and lasting revenue growth for <Company Name>.

My expertise lies in strategic thinking with a keen focus on execution. I am uniquely suited to steer transformational business decisions. Remained responsible for advancing the core business priorities building critical organizational infrastructure and driving commercial delivery.

My career as a sales executive includes a broad range of highlights, such as,

- Maneuvering the political will, bureaucratic will, regulatory will and administrative will to derive home the desired decision on policy decisions which matters to the corporation.
- Excellence in Policy Making, Business Development in Energy Sector and ICTE Industry, Government Rules and Regulations relating to Energy and ICTE sector.
- Subject matter expertise in area demarking / formulating macro level policies in consultation with senior management and strategic communications outreach to improve stakeholder relations.
- Representing largest commercial enterprise in India (Indian Oil) and Largest MNC in India (Samsung Electronics) with engagement with policy decision makers.
- Supervising regulatory reviewing of large Energy (Oil and Gas) project in the country and acting as coordinator for solving problems of project implementors with regards to Local Municipal Clearances, Land Acquisitions, Industrial Relations issues by coordinating with Chief Secretary of State or Nodal Officer (of state government) through single window mechanism.)
- Part of the stakeholder's consultations with regard to EXIM policies, Duty structure and various Incentive policies for Government for development of Energy Sector and electronics manufacturing in India. Can provide advice on legal issues.

The enclosed resume provides an overview of my previous sales successes; however, I look forward to meeting with you personally so that we may discuss the value I can bring to <Company Name>. In the interim, thank you for your consideration.

Sincerely,

Varun N
